Career Objective

Looking forward to build a challenging career in software development by utilizing my expertise and problem solving skills. I also want to grow professionally and enhance my leadership abilities.

Education

- 2014-2019 **BSc Engineering in ICT** (4th year)
Mawlana Bhashani Science and Technology University, Tangail-1902
- 2011-2013 **HSC, Science**
BAF Shaheen College, Dhaka
- 2011 **SSC, Science**
Shaheed Ramiz Uddin Cantonment School, Dhaka

Skills

- ACM Programming, Algorithm, Data Structure, C++,Java , MYSQL, Oracle DBMS, Assembly Language, MATLAB, Mathematics, Networking ,AI, Embedded Programming.
- ACM Problem Solving more than 1500 problems in different Online Judge
- Problem Setter at Spoj : [problem1](#), [problem2](#), [problem3](#), [problem4](#).
- Profile Link: ([Stopstalk](#), [Uva oj](#), [URI oj](#), [Codeforces](#), [Hackerrank](#), [Hackerearth](#), [Codechef](#), [CSacademy](#), [Light oj](#), [Spoj](#), [Vjudge](#), [Atcoder](#), [Devskill](#), [kattis](#) etc).

Technical Experience

Contest Experience :

- Participated in almost 8 National IUPC and 4 Robotics Competitions.
- NDUB CSE FEST IUPC-2017 (6th), AB Bank IUT FEST-2016 IUPC (30th), BUET CSE FEST-2016 (65th), Snack Down-2017 (2591th), MBSTU CSE CARNIVAL-2017 (61th), Cybernauts-2016 (81th), Cybernauts- 2017 (65th).
- MBSTU CSE CARNIVAL Software and Hardware Project, NSU Global Robotic Challenge-2016(4th).

Projects

Software Projects: [Github](#), [Others](#).

- **Smart office.** (Technology : Java web, Spring, JPA, HTML, CSS h2db, Java SDK, RFID, fingerprint scanner)
- works as a complete office management tool including –RFID and Fingerprint attendance features.
- **Bank Management** (Technology : Java web, HTML, CSS)
- works as a demo of bank management tool.
- **Student information System** (Technology : JavaFx, Oracle database, CRUD operation)
- A basic java app for MBSTU Student database.
- **Multi user Group chat** (Technology : Socket, AWT, Raw java).
- A basic java app as a Chat messenger.
- **My Contact List** (Technology : Java, database, JavaFx)
- A basic java app as contact book.

Hardware Projects: [Github](#) , [Others](#)

- **Android Controlled bot** (Technology : C++, Java ME(Android), Arduino uno, Bluetooth Interfacing)
- **Quad copter FPV** (Technology : spracing f3, betafliht, ESC, BLDC motor, camera)
- **Line follower robot** (Technology : IR sensor, Arduino uno, L298, motor)
- **Sensor based home automation** (Technology : Arduino uno,DHT11,motor, LED)
- **Self balancing robot** (Technology : Arduino uno, mpu6050, L298)

Co-curricular Activities :

- Treasurer, IEEE Student Branch, MBSTU
- BDS HAC Ambassador, IEEE Bangladesh
